

Compliance & Product Regulatory Approvals
A Global Test & Certification and Company

Monthly Global Newsletter

October 2024 Edition

**Welcome, {{ contact.FIRSTNAME }}, to the October 2024 Edition of C-PRAV's
Monthly Newsletter!**

In today's fast-paced regulatory environment, staying informed is crucial for maintaining your product's compliance across global markets. At C-PRAV, we are committed to being your reliable source of up-to-date information and expert guidance on the latest developments in Standards, Regulations, Testing, and Certification (SRTC).

This month's edition brings you critical updates from around the world, including new security certification requirements, changes in wireless regulations, and the latest in global compliance standards. As always, our mission is to empower you with the insights and tools you need to navigate these challenges and keep your products market-ready.

We appreciate your continued trust in C-PRAV as your compliance partner. Your feedback helps us improve, so feel free to share your thoughts on this issue. If you've been following us on LinkedIn, you may have seen some of these updates, but our newsletter consolidates everything into one comprehensive resource. And of course- check out our website for all the updates!

**Choose Compliance. Choose Certifications.
Choose C-PRAV with Confidence.**

Announcements

CyberSecurity Awareness Month

October marks **Cybersecurity Awareness Month**, a global initiative aimed at educating and empowering everyone—from manufacturers to the everyday user—to stay vigilant against cyber threats.

At **C-PRAV**, we believe cybersecurity is a **shared responsibility** that goes beyond regulatory compliance. While governments and regulatory bodies work tirelessly to enforce standards, it's equally important for all of us to contribute to a safer digital environment. Whether through training, adopting best practices, or ensuring that products meet the highest security standards, we all play a role.

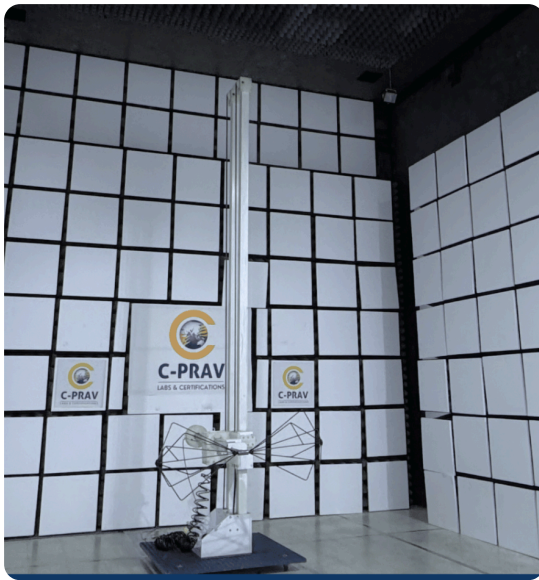

To support this movement, **C-PRAV** is focused on offering **Testing & Certification services** that cater to **current and upcoming regulations**, helping manufacturers achieve compliance in an ever-evolving landscape.

Let's take this opportunity to reaffirm our commitment to cybersecurity—from boardrooms to living rooms, and everywhere in between. 💡🔑

C-PRAV is excited to attend the TCBC Workshop from October 14th-17th, 2024, in Baltimore!

We'll be presenting on **Indian, Australian, and other Global Approvals.**

Interested in meeting our C-PRAV Group CEO & Technical Director, Mr. Praveen Rao and our India Approvals Manager, Mr. Dishant Kumar? Please contact us for a personalised F2F meeting. Happy to share everything we know! In addition at Baltimore, DC area, they are also available for meetings in the Bay Area, CA on October 21st & 22nd.
