

**Registration Department**  
**Bureau of Indian Standards**

**Our Ref: Registration/Meity/CCTV**

**01 April 2025**

**Sub: Non-applicability of Security ER to Analog CCTV Cameras.**

1. This has reference to the implementation of Essential Requirement(s) for Security of CCTV and our Circulars ref: Registration/Meity/CCTV dated 22 Oct 2024 and 25 Nov 2024.

2. Meity vide notification dated 12.03.2025 has clarified that the Essential Requirement(s) for Security of CCTV Order is not applicable on Analog CCTV Cameras, thus, the Analog CCTV Cameras are not required to be tested for compliance to the notified ERs for security. In view of this, the following procedure is to be followed by all Applicants and Licensees:

a. For existing Registered models, manufacturer shall submit a self-declaration through the “Standard Revision/ Amendment/ Essential Requirement” module listing all the Analog models of CCTV cameras in the scope of License. It is reiterated that such option of submission with self-declaration alone (without test report) is to be exercised only for Analog CCTV Camera models. After 09 April 2025, all models other than the Analog models listed in this declaration and the models complying with ER requirements shall be deleted from the Scope of License.

b. All test reports of CCTV cameras as per IS 13252 (Part 1): 2010 submitted henceforth shall indicate in the general product description for all models (lead + series) whether the CCTV Camera is of Analog type.

c. After 09 April 2025, Applications/ Inclusions of CCTV Cameras shall be applied only as per the following:

<b>CCTV camera type</b>	<b>Test Reports complying to</b>
Analog	IS 13252 (Part 1)
Other than Analog	IS 13252 (Part 1) + Essential Requirements for Security of CCTV

Applicants are requested not to combine both types in a single Application/ Inclusion ID.
