

Compliance & Product Regulatory Approvals

A Global Test & Certification Company

Welcome to our Monthly Global Newsletter!

This February, we're sharing key regulatory updates that shape compliance and technical frameworks across Australia, Japan, Europe, Saudi Arabia and more. From strengthened Trans-Tasman standards cooperation between Australia and New Zealand, to the European Commission's repeal of the RED Cybersecurity Delegated Regulation, regulators continue to refine the global compliance landscape.

Whether you're a manufacturer, importer, or product designer, staying ahead of these developments is critical – and C-PRAV is here to guide you every step of the way.

We have also kickstarted our C-PRAV events for 2026; view our Announcements to learn more about our successful first-in-India webinar with Blockchain Verified Sweden that took place earlier this month.

Choose Compliance. Choose Certifications.
Choose C-PRAV with Confidence.

Announcements

A Successful Webinar with Blockchain Verified Sweden: "Global Regulatory Approvals and Blockchain Authentication"

We are pleased to share the successful completion of our recent webinar on “Global Regulatory Approvals and Blockchain Authentication”, organized by C-PRAV Certifications in collaboration with Blockchain Verified Sweden – a first-of-its-kind initiative in India on the 12th February.

The session brought together valuable insights on global regulatory approvals requirements, Modular Approvals, and the evolving role of blockchain technology in securing test reports, certificates, and critical business documents. A special thanks to our speakers Praveen Rao (CEO & Technical Director, C-PRAV Group), Michael Derby (Global Technical Director, TÜV SÜD), Bernie Fuller (Managing Director, Blockchain Verified Sweden AB) and Sachin k Yadav (India Manager, C-PRAV India) for sharing their expertise and industry perspectives.

The fireside chat section of our webinar is **now available to watch** in full through the button below. Check out our LinkedIn posts for more information!

We sincerely thank everyone who joined us on 12th February 2026 and contributed to making this informative session a success. We look forward to continuing to support the industry with knowledge-driven initiatives.
